**Hole Diameter:**

0.688 inches

**Outside Diameter:**

6.500 inches

**Securing Device Type:**

Special

**Mounting Opening Shape Style:**

Unthreaded hole

**Features Provided:**

Sealing capability

**Special Features:**

One additional hole, 0.060 in. Dia

**Material:**

Nickel alloy

**Material Specification:**

Qq-n-281 alloy 400 cl a federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A531c0
