Width:

7.880 inches

Thickness:

0.750 inches

Length:

13.250 inches

Mounting Hole Diameter:

0.688 inches first hole and 0.695 inches first hole

Mounting Hole Quantity:

4

Aperture Diameter:

Between 4.378 inches and 4.381 inches

Mounting Hole Type:

Unthreaded

Corner Radius:

3.380 inches

End Application:

2330-01-303-8832 m1000 chettl trailer

Features Provided:

Aperture

Aperture Shape:

Round

Material:

Steel

Material Specification:

Astm a514 assn standard single material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
