Width:

2.000 inches

Thickness:

0.375 inches

Length:

24.000 inches

Mounting Hole Diameter:

0.531 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

Special Features:

Both ends chamfered 0.600 in.

Material:

Steel

Material Specification:

Sae j403 assn standard single material response

Surface Treatment:

Oxide

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-13924, cl 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-13924 spec.
