Width:

Between 8.010 inches and 10.250 inches

Thickness:

0.190 inches

Length:

16.940 inches

Mounting Hole Diameter:

0.280 inches first hole and 0.287 inches first hole

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

End Application:

An/tyq-2 (v)1(v) 2

Mounting Configuration:

6 in. Dist. Btwn hole centers along width; 15.700 in. Dist. Btwn hole centers along lgth

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Chromate

Shape:

Triangular

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
