Overall Length:

5.745 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

5.365 inches

Mounting Facility Quantity:

2

Handle Clearance:

2.397 inches

Special Features:

Includes pin hinge p/n 840003801; 2 blocks p/n 8400068-301 and p/n 8400038-302; stud p/n 7137102-1; spring p/n 7119136-2 and cup p/n 7119136-3; finish dyed black

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0

Mil-std (military Standard):

Mil-a-8625 spec.
