Overall Length:

5.375 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

5.187 inches

End Application:

B2 aircraft

Mounting Facility Quantity:

2

Handle Clearance:

2.005 inches

Thread Size:

0.190 inches

Material:

Stainless steel thread insert

Material Specification:

Qq-a-200 federal specification all material responses handle support

Surface Treatment:

Silver handle

Surface Treatment Specification:

Qq-p-416, type 2 federal specification single treatment response thread insert

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A250a0
