**Criticality Code Justification:**

Zzzy

**Material:**

Steel comp 316

**Material Specification:**

Qq-s-763, cond a federal specification single material response

**Fsc Application Data:**

Cutter elevating fin

**Reference Number Differentiating Characteristics:**

Magnetic permeability shall not exceed 2.0 after fabrication

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A250a0
