**Chamfer Length:**

0.125 inches

**Overall Length:**

13.000 inches

**Overall Diameter:**

Between 3.995 inches and 3.999 inches

**Special Features:**

Longitudinal hole located on pin axial intersected by two perpendicular drill holes; keyway located at end opposite lubricating hole

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03100
