Chamfer Length:

0.125 inches

Overall Length:

13.000 inches

Overall Diameter:

Between 3.995 inches and 3.999 inches

Special Features:

Longitudinal hole located on pin axial intersected by two perpendicular drill holes; keyway located at end opposite lubricating hole

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
