End Application:

Release assembly, h-53 acft

Special Features:

0.090 in. Thk; slotted hole at one end 0.202 in. W, 0.612 in.Lg; one round hole at opposte end 0.105 in. Dia; one hole at 1.765 in. From slotted hole on side of lever measures 0.192 in. Dia

Material:

Steel comp 301

Surface Treatment:

Oxide and phosphate manganese

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10600
