Action Type:

Gravity

Features Provided:

Release bar

Special Features:

Bar shape: round; door thickness for which designed: 17.53 millimeters; active case height: 17.53 millimeters ; active case width: 46.99 millimeters ;

Material:

Steel comp 4037 bar

Material Specification:

Aisi4037 assn standard single material response bar

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10600
