Hole Diameter:

Between 0.193 inches and 0.203 inches

Width:

2.500 inches

Length:

7.250 inches

Corner Radius:

0.156 inches

Body Thickness:

0.250 inches

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
