Mounting Hole Type:

Plain

First Leg Length:

2.000 inches

Second Leg Length:

3.500 inches

End Application:

F-15a/b/c/d

First Leg Hole Diameter:

0.160 inches

First Leg Thickness:

0.063 inches

Second Leg Thickness:

0.063 inches

First Leg Hole Arrangement Style:

Two holes

Second Leg Relationship To First Leg:

Not identical

First Leg Angle:

0.160 radians

Special Features:

11st leg hole has distance from edge to hole cntr along lg of 0.250 in. & 0.310 in., and along the width distances are 0.370 in. And 0.280 in.;
2nd leg has a slotted and an unthd hole, slotted hole is 0.410 in. Long, other hole has diameter 0.160 in.

Material:

Aluminum alloy 2024

Style Designator:

Offset angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
