Tube Outside Diameter For Which Designed:

1.930 inches

Overall Diameter:

3.000 inches

Design Type:

Friction

Inside Diameter Length:

0.125 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-225/9, alloy 7075, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
