Tube Outside Diameter For Which Designed:
1.930 inches
Overall Diameter:
3.000 inches
Design Type:
Friction
Inside Diameter Length:
0.125 inches
Material:
Aluminum alloy 7075
Material Specification:
Qq-a-225/9, alloy 7075, t6 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A539k0
