Width:

3.080 inches

Thickness:

0.063 inches

Length:

4.080 inches

Mounting Hole Diameter:

0.124 inches first hole and 0.130 inches first hole

Mounting Hole Quantity:

4

Aperture Diameter:

Between 2.823 inches and 2.833 inches

Mounting Hole Type:

Unthreaded

Features Provided:

Aperture

Aperture Shape:

Round

Special Features:

Top coat, plastic polyurethane per mil-c-83286, type 1, lusterless gray

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Chromate

Shape:

Oval

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
