Overall Length:

1.235 inches

Overall Height:

0.770 inches

Overall Width:

0.580 inches

Mounting Hole Diameter:

Between 0.128 inches and 0.133 inches

Mounting Hole Quantity:

2

End Application:

Pacer dawn

Special Features:

Clevis-type bracket w/clevis holes .250 to .251 in. Dia

Material:

Nickel alloy 718

Material Specification:

Ams5383 assn standard single material response

Fsc Application Data:

Divergent seal; variable nozzle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
