Cross Sectional Shape:

Flat

Width:

Between 3.163 inches and 3.167 inches

Length:

3.317 inches

Body Thickness:

0.050 inches

Securing Device Type:

Special

Material:

Aluminum alloy

Material Specification:

Qq-b-655 alloy 4047 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
