Width:

Between 4.440 inches and 4.560 inches

Thickness:

0.375 inches

Length:

Between 3.750 inches and 3.870 inches

Mounting Hole Diameter:

0.234 inches all holes and 0.256 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

End Application:

2350-01-305-0028

Mounting Configuration:

Equally spaced in a square-1.938 in. Apart

Special Features:

Two mounting slots 2.375 in. Apart along width; the first slot is .812 in from edge to center of slot along length; center to center distance from slots is 2.375; slot size is 2 x 1.19 in. Lg. By 2 x .44 in. Wide; ; one corner is beveled; finish-system b, type a, color a, per 12919498

Material:

Steel or steel uns k02600

Material Specification:

Astm a108 assn standard 1st material response or astm a-36 assn standard 2nd material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
