Width:

0.280 inches

Thickness:

0.090 inches

Length:

0.800 inches

Mounting Hole Diameter:

0.135 inches all holes and 0.140 inches all holes

Mounting Hole Quantity:

1

Mounting Hole Type:

Unthreaded

Mounting Configuration:

Mtg hole located on centerline 0.125 in. From end

Special Features:

Mtg hole is countersunk 100 degrees to 0.232 in. Min, 0.238 in. Maximum dia; item furn w/silicone rubber pad on undersurface, 0.062 in.

Thk, 0.420 in. Min, 0.480 in. Maximum length, 0.280 in. Wide; material specification indicated is preferred, alternate stock of the same alloy & temper may be used

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Chromate

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
