**Overall Height:**

Between 0.1410 inches and 0.1460 inches

**First Step Diameter:**

Between 1.3690 inches and 1.3740 inches

**Bore Diameter:**

Between 1.1300 inches and 1.1500 inches

**Material Hardness Rating:**

Between 31.0 international rubber hardness degree scale and 39.0 international rubber hardness degree scale

**Design Type:**

Solid

**Material:**

Steel, ams 5643

**Material:**

Steel comp 630

**Material Specification:**

Ams 5643 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T319-e
