Hole Diameter:

Between 0.276 inches and 0.287 inches

Width:

6.750 inches

Length:

7.250 inches

Hole Quantity Along Length:

1

Hole Quantity Along Width:

2

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Material:

Aluminum alloy 3003 or aluminum alloy 5052 or aluminum alloy 6061

Material Specification:

Astm b209-h14 assn standard 1st material response or astm b209-h32 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
