Overall Length:

7.250 inches

Overall Width:

Between 1.540 inches and 1.830 inches

Mounting Hole Diameter:

Between 0.199 inches and 0.226 inches

Mounting Hole Quantity:

5

Special Features:

Material is 0.560 in. Thick at one end gradually increasing to 0.620 in. Thick at opposite end; bracket has a 0.200 r bend

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 7075-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
