Width:

4.360 inches

Thickness:

0.250 inches

Length:

5.900 inches

Mounting Hole Diameter:

0.141 inches all holes and 0.149 inches all holes

Mounting Hole Quantity:

6

Mounting Hole Type:

Unthreaded

Aperture Length:

4.980 inches

Mounting Configuration:

Three holes on each side along length with 2.500 in. C to c spacing

Features Provided:

Raised surface

Raised Surface Length:

4.980 inches

Raised Surface Width:

2.820 inches

Raised Surface Height:

0.105 inches

Material:

Plastic polytetrafluoroethylene

Material Specification:

Mil-p-22241, type1, grade b military specification single material response

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-p-22241 spec.
