Cross Sectional Shape:

Flat

Width:

3.550 inches

Edge Shape:

Rectangle, no holes

Length:

4.970 inches

Body Thickness:

0.400 inches

Securing Device Type:

Special

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
