Width:

0.9400 inches

Thickness:

1.0000 inches

Length:

1.8800 inches

Thread Size:

0.4375-20

Aperture Diameter:

0.4375 inches

Screw Thread Series Designator:

Unf

Features Provided:

Aperture

Aperture Shape:

Round

Material:

Steel comp 303

Material Specification:

Astm a582, type303, cond a assn standard single material response

Surface Treatment:

Passivate

Shape:

Rectangular

Surface Treatment Specification:

Mil-f-14072, fn e300 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-f-14072 spec.
