Width:

1.900 inches

Thickness:

0.100 inches

Length:

2.200 inches

Mounting Hole Diameter:

0.156 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

End Application:

Ea-6b aircraft (excap peculiar)

Raised Surface Length:

2.200 inches

Raised Surface Width:

0.700 inches

Special Features:

Plate, relay mtg

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8 federal specification single material response

Surface Treatment:

Chromate

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
