Overall Length:

2.875 inches

Overall Height:

0.688 inches

Overall Width:

1.000 inches

Mounting Hole Type:

Plain

Base Thickness:

0.188 inches

Leg Thickness:

1.000 inches

Hole Quantity:

2

Angle:

90.0 degrees

Distance From End To Leg Along Length:

0.940 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Plastic polyamide and plastic epoxy

Surface Treatment Specification:

Mil-c-22750 military specification single treatment response

Style Designator:

Center projection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-c-22750 spec.
