Width:

3.000 inches

Thickness:

0.375 inches

Length:

7.550 inches

Mounting Hole Diameter:

0.123 inches all holes and 0.130 inches all holes

Mounting Hole Quantity:

4

Aperture Diameter:

0.635 inches

Features Provided:

Aperture

Aperture Shape:

Round

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Tin

Shape:

Rectangular

Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-t-10727 spec.
