Inside Diameter:

4.620 inches

Overall Length:

3.250 inches

Material Thickness:

0.380 inches

Attachment Method:

Bolted

Overall Diameter:

5.880 inches

Special Features:

Chromate and chem agent resist primer and polyurethane, color 383 green; four holes 9/32" diameter eq spc through base flg; 5" od body

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T359-f
