Attachment To Item Supported Method:

Boss 0.625" od

Supporting Object/surface Attachment Method:

Thds 0.750-16 2a 0n od

Shock/spring Mounting Method:

Aa0.810

Special Features:

Drive slot 0.090" w, 0.120" dp accross head; passivate and cadmium and chem agent resist primer b4 polyurethane coat

Material:

Steel

Material:

Steel

Surface Treatment:

Paint

Surface Treatment:

Painted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T08100
