Width:

1.810 inches

Thickness:

0.1196 inches

Length:

2.000 inches

Mounting Hole Diameter:

0.276 inches all holes and 0.286 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

Mounting Configuration:

Ctr 1.250" apart, 0.310" fm thk edge along lg, 0.375" fm ends

Raised Surface Length:

2.000 inches

Raised Surface Width:

1.190 inches

Raised Surface Height:

0.250 inches

Special Features:

Tt-c-490 and primer b4 coat per mil-c-46168 or -53039, color green 383

Material:

Steel or steel uns k02600

Material Specification:

Astm a366 assn standard 1st material response or astm a569 assn standard 2nd material response or astm a108 assn standard 3rd material response or astm a36 assn standard 4th material response

Surface Treatment:

Paint

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
