Cross-sectional Shape:

Square

Special Features:

0.112-40nc 2b through 4 corner holes; 1.219 lg and wdth; .375 ht

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 t651 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-f-14072 e513 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900

Mil-std (military Standard):

Mil-f-14072 spec.
