Width:

1.190 inches

Thickness:

0.250 inches

Length:

9.750 inches

Mounting Hole Diameter:

0.276 inches all holes and 0.286 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

Mounting Configuration:

Ctr 8.750" apart, 0.310" fm one edge along lg, 0.620" fm one end

Features Provided:

Raised surface

Raised Surface Length:

3.750 inches

Raised Surface Width:

1.000 inches

Raised Surface Height:

0.1196 inches

Special Features:

Tt-c-490 and primer b4 coat per mil-c-46168 or -53039, color green 383; raised surf 0.250" fm one end, ext 0.625" one side

Material:

Steel or steel uns k02600

Material Specification:

Astm a366 assn standard 1st material response or astm a569 assn standard 2nd material response or astm a108 assn standard 3rd material response or astm a36 assn standard 4th material response

Surface Treatment:

Paint

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
