Hole Diameter:

Between 0.497 inches and 0.508 inches

Mounting Opening Shape Style:

Unthreaded hole

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8 federal specification single material response or qq-a-225/8 federal specification single material response or qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
