Overall Height:

12.7 millimeters

Overall Diameter:

126.0 millimeters

Mounting Configuration:

Centrally located mtg hole 12.7 mm id

Face Size:

126 mm o/d

Air Gap Width:

16.0 millimeters

Special Features:

This warning light base magnet consist of: a housing (cadmium plated iron), magnet (sintered metallic composit), adhesive bond, and air gaps; unit rated for 220 pounds pull

Material:

Metal

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T174-a
