Width:

Between 8.230 inches and 8.270 inches

Length:

12.400 inches

Securing Device Type:

Special

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
