Hole Diameter:

Between 0.164 inches and 0.172 inches

Body Thickness:

0.040 inches

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
