Mounting Hole Type:

Plain

End Application:

Pacer dawn

Special Features:

Three hole sizes 0.204-0.212; width holes center to center 0.750; length to width hole center to center size 2.685; material thickness 0.062

Material:

Steel comp 347

Material Specification:

Ams5512 assn standard all material responses

Style Designator:

Quadruple angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
