Mounting Hole Diameter:

Between 0.294 inches and 0.355 inches

Mounting Hole Quantity:

12

Frame Type:

Angle

Mounting Hole Spacing:

Equally spaced along length

Core Type:

Perforated metal

Perforation Shape:

Round

Frameworkwidth:

37.590 inches

Framethickness:

0.090 inches

Frame Mounting Holes:

Included

Open Area In Percent:

100.0

Metal Thickness:

0.090

Special Features:

There are 3 additional mtg holes w/dia of 0.207 to 0.214 in.

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T231-f
