Thread Direction:

Right-hand right internal

Thread Length:

15.0 millimeters right internal

Length:

Between 49.90 millimeters and 49.97 millimeters

Cross-sectional Shape:

Square

Width Across Flats:

30.0 millimeters

Thready Qty Per Inch (tpi):

13 right internal

Thread Size:

0.5 millimeters right internal

Style Designator:

Left internal and right internal threads

Thread Series Designator:

Unc right internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
