**Overall Length:**

5.000 inches

**Overall Height:**

4.225 inches

**Overall Width:**

2.800 inches

**End Application:**

Pacer dawn

**Special Features:**

Bracket assembly with circular hole 3.625 in. Min, 3.627 in. Maximum inside diameter

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-225/9 federal specification single material response or qq-a-250/12 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0
