Overall Length:

7.500 inches

Overall Width:

2.500 inches

Mounting Hole Quantity:

4

End Application:

Special aircraft and engine tool and support equipment and parts

Special Features:

Left side 4 mounting holes provided, 2 holes 0.312 in. Dia, 2 holes 0.406 in. Dia

Material:

Aluminum alloy

Material Specification:

Qq-q-250/8, tem h32 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
