Overall Length:

14.500 inches

Mounting Hole Quantity:

4

Body Width:

5.920 inches

End Application:

B-2 aircraft

Material And Location:

Titanium alloy

Special Features:

Pacer special, shot peen, parts included (1) flanged bushing 04a061-12-034, (1) bearing 04a062-11-150, (2) bearing 04a062-12-075, (1) bearing 04a062-16-034, and hinge fitting dab3116a380-023

Special Test Features:

Inspection 100 percent

Style Designator:

Hook/plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25100
