**Overall Length:**

14.500 inches

**Mounting Hole Quantity:**

4

**Body Width:**

5.920 inches

**End Application:**

B-2 aircraft

**Material And Location:**

Titanium alloy

**Special Features:**

Pacer special, shot peen, parts included (1) flanged bushing 04a061-12-034, (1) bearing 04a062-11-150, (2) bearing 04a062-12-075, (1) bearing 04a062-16-034, and hinge fitting dab3116a380-025

**Special Test Features:**

Inspection 100 percent

**Style Designator:**

Hook/plate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A25100
