Overall Length:

14.500 inches

Mounting Hole Quantity:

4

Body Width:

5.920 inches

End Application:

B-2 aircraft

Material And Location:

Titanium alloy

Special Features:

Opacer special, shot peen , parts included (1) flanged bushing ms14238a16-034, (1) flanged bushing ms14238c12-034, (2) bearing 04a062-11 -150, (2) bearing 04a062-12-075, and hinge fitting dab3116a380-021

Special Test Features:

Inspection 100 percent

Style Designator:

Hook/plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
