Overall Width:

12.0 millimeters

Material Thickness:

Between 1.4 millimeters and 1.6 millimeters

Center To Center Distance Between Loop And Mounting Hole:

12.0 millimeters

Distance From Loop Center To Tongue End:

18.0 millimeters

Loop Inside Diameter:

13.6 millimeters

Material:

Steel

Material Specification:

Sae 1010 - 1025 assn standard single material response

Style Designator:

Single loop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A12700
