First Leg Length:

0.750 inches

Second Leg Length:

0.910 inches

End Application:

F-15s

Second Leg Relationship To First Leg:

Not identical

Special Features:

Bracket with alloy steel nut (st3m405-3-3 and rivet holes, conventional clinch nut installation)

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
