Groove Diameter:

0.404 inches all grooves

Chamfer Length:

Between 0.030 inches and 0.060 inches

Overall Length:

32.750 inches

Groove Quantity:

7

Hole Diameter:

0.379 inches

Distance From End To Hole Center:

0.750 inches

Drilled Hole Location:

One end

Chamfer Angle:

45.0 degrees

Overall Diameter:

0.750 inches

Material:

Steel lever

Material Specification:

Aisi 1304 1316 assn standard single material response lever

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
