Design Type:

Friction

Width Across Flats:

4.130 inches

Special Features:

Rectangular end cap 1.130 in wd with 2.000 in recess on bottom; 2 mtg holes 0.375 in dia; matl 0.250 in thk

Material:

Steel

Material Specification:

Astm a656, grade 80 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
